The 2017 Dragon Award Finalist for Best Fantasy Novel

In Selenoth, the war drums are beating throughout the land. The savage orcs of Hagahorn and Zoth Ommog are on the move, imperiling Man, Dwarf, and Elf alike. The Houses Martial of Amorr have gone to war with each other, pitting legion against legion, and family against family, as civil war wracks the disintegrating Empire. In the north, inhuman wolf-demons besiege the last redoubt of Man in the White Sea, while in Savondir, the royal house of de Mirid desperately prepares to defend the kingdom against an invading army that is larger than any it has ever faced before. And in the underground realm of the King of Iron Mountain, a strange new enemy has been attacking dwarf villages throughout the Underdeep.

Beneath the widespread violence that has seized all Selenoth in its grasp, a select few are beginning to recognize the appearance of a historic pattern of almost unimaginable proportions. Are all these conflicts involving Orc, Elf, Man, and Dwarf the natural result of inevitable rivalries, or are they little more than battlegrounds in an ancient war that began long before the dawn of time?

Epic fantasy at its deepest and most intense. A SEA OF SKULLS is Book II in the ARTS OF DARK AND LIGHT series that began with A THRONE OF BONES.
